In Fine Style

Antique doors from Zanzibar welcome guests into the comfortable interiors that are a marriage of the contemporary style of The Silo Hotel and the capricious opulence of La Residence. Fabrics from Ardmore and Clarke & Clarke cover the plush sofas and designer chairs. Light oak, tin roofs, wrought iron and gentle hues of blue and white define the style with lively splashes of emerald and ruby.

In the main lodge, a vintage North African banking kiosk is repurposed as a serving hatch for delicious, contemporary African cuisine produced in the kitchen. After dinner, guests are invited to relax around the fire pit and reflect on the day's wildlife adventures. Further relaxation can be found in a double spa treatment room offering a variety of indulgent treatments, or in the gym.

Outdoor living is encouraged on the deep verandas replete with hanging day-beds custom made for Farmstead. The collection of contemporary African art enhances The Royal Portfolio's already extensive private collection with notable pieces by Kudzanai Chiurai and James Jana among other works from the AVA Gallery and Smith Studio. In keeping with the community involvement of Farmstead, there are a number of pieces from Lalela.

The Most Qualified Guiding Team

IN SOUTH AFRICA

Royal Malewane is often referred to as the 'Harvard of the Bush'. That's because of the guiding team's unyielding passion for learning and their ambition not just to be the best, but to raise the standards of the industry as a whole. All the Guides at Royal Malewane hold the highest professional Field Guides Association of Southern Africa (FGASA) qualifications, as well as advanced rifle handling certificates.

These qualifications ensure that you will enjoy an exceptional game viewing experience – not only while on game drive, but also on foot during guided bush walks. At the pinnacle of the professional guiding qualifications are the Special Knowledge & Skills (SKS) Qualifications such as Dangerous Game and Birding. Very few guides in Africa achieve these qualifications which require extensive knowledge as well as technical skills - the team at Royal Malewane have these attributes in abundance.

Our guiding team has over 300 years of African bush experience between them, and Royal Malewane is proud to have three of only seven living Master Trackers in the world and the only three working in the Greater Kruger Park region.

Sustainability

At Royal Malewane, sustainability is at the heart of everything we do

COMMUNITY

- We support community development projects to grow and uplift our team
- We're committed to improving crèche facilities in nearby villages
- Africa House guests have the chance to visit the local crèches we support

ENVIRONMENT

- We're reducing the amount of water we use
- We're limiting our carbon footprint by choosing energy-efficient devices
- We're phasing out plastic water bottles in favour of reusable glass bottles

CONSERVATION

- Thornybush's K9 anti-poaching dog unit is making the Great Kruger area safer for wildlife
- The new Conservation & Research Centre (CRC) is providing researchers with facilities and a hub to share ideas

HYDRONIC HEATING AND COOLING WATER SYSTEM

We've invested in an innovative, integrated heating system that uses solar energy and hydronics to heat water, pools, towel racks and underfloor heating, and run the air conditioning.

| *Our Community*

In keeping with The Royal Portfolio's Purpose and Values, Farmstead is part of a broader project to support local communities. Royal Malewane agreed to a long lease of the land from the local Moletele community, paying a monthly rental to the community as well as a share of revenue as additional income. At the end of the long lease all buildings and the land will revert to the community with the option to work with The Royal Portfolio in perpetuity.

Throughout the lease, The Royal Portfolio hire employees from the Moletele community, offering training to the standards of the Royal Portfolio, and involving the local community in conservation.

We continuously support and uplift various educational facilities in nearby villages. These include the Sigagule Crèche, Langetulani Crèche and Slekhiso Primary School. We invite guests to join us as we visit either of the crèches, which are approximately a 20-minute drive from Malewane Lodge. All transfers are complimentary.
